

## Fundraising Tool Kit

**THANK YOU FOR TAKING THE CHALLENGE!**

Your registration for the Colon Cancer Challenge is just the first step toward creating a World Without Colorectal Cancer™. The funds collected through YOUR fundraising efforts allow us continue and expand our life saving public awareness, prevention and research programs.

There is no requirement to raise money but everything you do and every dollar you raise helps! By contacting your friends, family and coworkers to solicit donations and encouraging your team members to do the same you help support our mission of A World Without Colorectal Cancer™. You can fundraise online or collect checks and mail them to the Foundation's main office.

We don't expect you to be an expert at fundraising. Your passion and dedication to raising awareness of CRC in your community and the fact that you are not asking for yourself, but for the thousands of families across the country who are battling CRC will help you reach your fundraising goal. It can seem overwhelming at first, but remember our mission is critical and we are here to help!
