The Seventh Annual Early-Age Onset Colorectal Cancer Summit

SAVING LIVES THROUGH APPLYING KNOWLEDGE

Friday, May 14, 2021 — Sunday, May 16, 2021

Sponsored By:
EAO-CRC SUMMIT OBJECTIVES

This event will bring together leading clinicians, scientists as well as early age onset (EAO) colorectal cancer (CRC) survivors and caregivers from across the country and internationally. The program will provide extensive opportunities for participants to advance their understanding of the rapidly increasing incidence of rectal and colon cancer among young adults under 50 years of age in the U.S. and abroad.

This groundbreaking program will, for a sixth consecutive year, provide all participants the opportunity to hear and question leading clinicians and researchers on the lifesaving potential of timely clinical risk assessment / family cancer health history; earliest possible stage diagnosis, optimal, fertility preserving clinical care, as well as the latest information regarding national and international EAO-CRC incidence trends, pathogenesis, and genetics.

The EAO-CRC SUMMIT will include lectures, optional working groups and panel discussions designed to advance the “state-of-the-science” addressing EAO-CRC. Our faculty will once again be world class speakers representing leading academic medical centers with major additional inspiring programmatic contributions from the Early Age Onset Colorectal Cancer Survivor Community of the United States and beyond.

EAO-CRC SUMMIT EDUCATIONAL OBJECTIVES

- Provide an expert review of the latest published information on the increasing incidence and mortality associated with Early Age Onset Colorectal Cancer in the United States and around the globe.

- Provide an evidence-based framework for reducing risk, increasing early stage diagnosis and improving treatment and outcomes for young adult colorectal cancer patients.

- Review the State-of-the-Science regarding the known and possible causes of the increasing incidence of EAO-CRC including alterations in our food and water supply, the contribution of novel germline genetic factors and etiologic clues based on the molecular biology of EAO-CRC cancers.

- Define the “Gaps” in our current understanding of Early Age Onset Colorectal Cancer in order to set our clinical and research priorities and develop a strategic plan to reduce EAO-CRC incidence and mortality.
SUMMIT CO-DIRECTORS

Jordan Karlitz, MD
SUMMIT CO-CHAIR
Assistant Clinical Professor of Medicine and Director, GI Hereditary Cancer and Genetics Program at Tulane

Susan K. Peterson, PhD, MPH
SUMMIT CO-CHAIR / ABSTRACT CHAIR
Department of Behavioral Science, Division of Cancer Prevention and Population Sciences

Zsofia Stadler, MD
SUMMIT CO-CHAIR
Clinical Laboratory Investigator, The Kenneth Offit Laboratory, Memorial Sloan Kettering Cancer Center

Yi-Qian Nancy You, MD, MHSc, FACS
SUMMIT CO-CHAIR
Department of Surgical Oncology, Division of Surgery, MD Anderson Cancer Center

COURSE PLANNING COMMITTEE

April Barry, LSW, MSW
PLANNING COMMITTEE MEMBER
Pennsylvania Department of Health

Whitney Jones, MD
PLANNING COMMITTEE MEMBER
Colon Cancer Prevention Project

Cindy R. Borassi
PLANNING COMMITTEE MEMBER
Colon Cancer Foundation

Kimmie Ng, MD
PLANNING COMMITTEE MEMBER
Dana-Farber Cancer Institute

Andrea Cercek, MD
PLANNING COMMITTEE MEMBER
Memorial Sloan Kettering Cancer Center

José Perea MD, PhD
PLANNING COMMITTEE MEMBER
Fundación Jiménez Díaz University Hospital and Research Institute

Surabhi Dangi-Garimella, PhD
PLANNING COMMITTEE MEMBER
Colon Cancer Foundation

Erin Peterson
PLANNING COMMITTEE MEMBER
Colon Cancer Coalition

LEARN MORE: EAOCRC.ORG | CONNECT WITH US: #EAOCRC2021
Friday, May 14, 2021

1:00 PM - 3:00 PM ET
The Inaugural Status of EAO-CRC in the States Symposium: Solutions for the Struggle
April Barry, LCSW | Cindy Borassi | Whitney Jones, MD | Erin Peterson
Co-hosted by the Colon Cancer Foundation, the Colon Cancer Coalition, and the Colon Cancer Prevention Project

3:15 PM - 4:45 PM ET
Session I: Improving Earliest Possible Diagnosis and Treatment through Timely Recognition of the Symptoms and Signs of Sporadic Young Adult CRC
Whitney Jones, MD
- Introduction To The Topic | Whitney Jones, MD
- How will EAO-CRC Incidence and Mortality Rank in 2040? | Lola Rahib, PhD
- How to Involve Primary Care in Improving Earliest Stage Diagnosis | Len Lichtenfeld, MD, MACP
- CRC Patient Story | Lisette Caesar, EdD
- Introduction of the Echo Chamber Challenge and Clinical Alert | Erin Peterson
- Q&A

6:00 PM - 7:00 PM ET
BYOB Blue Cocktail and Networking Event

7:00 PM - 8:00 PM ET
Fireside Chat
Kate Bowler, PhD | Cindy R. Borassi

Saturday, May 15, 2021

10:00 AM - 10:10 AM ET
Opening Remarks
Susan Wysoki | Shannon Lee-Sin

10:10 AM - 10:15 AM ET
Welcome
Zsofia Stadler, MD

10:15 AM - 10:20 AM ET
Housekeeping
Cindy R. Borassi

10:20 AM - 10:30 AM ET
Framing the Conversation: Strategic Challenges in Current Medical Care that Contribute to Young Adult Colorectal Cancer (CRC) Incidence and Mortality
Cindy R. Borassi

10:30 AM - 11:00 AM ET
Keynote
Stephen B. Gruber, MD, PhD, MPH

11:00 AM - 12:15 PM ET
Session II: The Dimensions of the EAO-CRC Problem: Do We Have Accurate, Regular, Up to Date Measurement of Key Metrics Describing the Early Age Onset Colorectal Cancer Public Health Crisis
Susan Peterson, PhD, MPH
- Update on Rising Early-Onset CRC: Impact of Recent Trends on Racial Disparities | Rebecca Siegel, MPH
- COVID’s Impact on Cancer Screening – One Year Later | Len Lichtenfeld, MD, MACP
- Under 19 EAO-CRC Incidence and Mortality: How Do We Care for Our Youngest Patients? | Susan Wysoki
- COVID-19 Policy Update – One Year Later | Phylicia L. Woods, JD, MSW

12:15 PM - 1:00 PM ET
Live Lunch with an Expert Breakout Option
1. Hereditary Cancer
   Robin Dubin, MBA | Bryson Katona, MD, PhD | Zsofia Stadler, MD
(Expert breakout options continued on next page >>)
1:00 PM - 1:15 PM ET
Networking / Break / Optional Viewing
Colon Cancer Coalition / AliveAndKickin Lynch Video, Colorectal Cancer Alliance Patient Video, or Colon Cancer Foundation – Colon Cancer Prevention Project

1:15 PM - 2:30 PM ET
Session III: Risk Assessment / Family History Ascertainment in the U.S. What Steps are Needed to improve the Well Documented Less Than Optimal Status of this Situation? What is Our Best Information on the Documentation of Cancer Family History in Primary Care? What are the Key Elements Required for Success?
Zsofia Stadler, MD

• Screening Guidelines for CRC Screening: What are the Guidelines and How are We Actually Doing?
CRC Population Screening and Adherence to Recommendations | David Greenwald, MD
Surveillance in High-risk Patients (Advanced Adenomas, Genetic Susceptibility) | Bryan Katona, MD, PhD

• Increasing Access to Genetic Testing: What do We Need to do to Improve the Situation?
How to Increase Access to Genetic Testing for Lynch Syndrome | Robin Dubin, MBA
Facilitative Genetic Testing | Melissa Frey, MD
Action at the State Level: The Role of HCRA, Call to Action for EHRs and Genetic Testing Companies | Whitney Jones, MD

2:30 PM - 2:45 PM ET
Q&A, Action Plan Consensus Building, and Wrap Up
Cindy Borassi | Susan Peterson, PhD, MPH

Sunday, May 16, 2021

10:20 AM - 10:30 AM ET
Welcome and Housekeeping
Cindy Borassi | Susan Peterson, PhD, MPH

10:30 AM - 12:30 PM ET
Session IV: How to Provide Timely, Effective, Quality of Life & Fertility Preserving Treatment: What Are Key Elements of Coordinated Care for Early Onset Colorectal Cancer?
Andrea Cercek, MD | Yi-Qian Nancy You, MD, MHSc, FACS

• Patient Perspective | Manju George, MVSc, PhD
• Nurse Navigation | Amy Hayes, BSN, RN, OCN
• Genetics | Zsofia Stadler, MD
• Medical Oncology and New Therapeutics | Cathy Eng, MD
• Radiation Oncology | Harvey Maman, MD, PhD
• Surgery | Kellie L. Mathis, MD
• Financial Burden/Toxicity | Hadley Maya, MSW, LCSW
• Psychosocial Needs | Krista Nelson, LCSW OSW-C BCD FAOS
• Pediatrics | Michael Roth, MD
• Fertility Preservation | Terri L. Woodard, MD
• Palliative Care | Janet L. Abraham, MD
• Q&A

1:00 PM - 1:15 PM ET
Networking / Break / Optional Viewing

(Schedule continued on next page >>)
Breakout Options

1. Understanding and Addressing Disparities in Early-Age Onset Colorectal Cancer
   Candace Henley
   • Introduction | Candace Henley
   • Overview of Findings: Disparities in Early-Onset Colorectal Cancer | Elena M. Stoffel, MD, MPH & Sonia Kupfer, MD
   • Patient/Caregiver Perspective | Angela Caraway, MMP & Jasmin Mejia
   • Q&A

2. Integrating Music Therapy in Cancer
   Cindy R. Borassi | Joanne V. Loewy DA, LCAT, MT-BC | Manjeet Chadha, MD, MHA, FACR, FASTR | Andrew Rossetti, MMT, LCAT, MT-BC

Session V: How Did This Happen? Investigating the Causes of Early Onset Colorectal Cancers (EAO-CRC)
Stephen B. Gruber, MD, PhD, MPH
Panel Discussion: Everyone addresses the Future Direction – What Still Needs to be Done? Challenge: Where are we Headed and How do We Solve This – Think Outside the Box
• Mining Electronic Health Record Data and Integration With Large-scale Genomic Analyses: Is This Where We are Going? | Francisco Sanchez-Vega, PhD
• The Colorectal Cancer Pooling Project: What Can We Learn From this International Resource? | Peter Campbell, PhD
• The BEYOND CRC Project: Better Understanding of Young-Onset Colorectal Cancer | Kimmie Ng, MD, MPH
• How are Microbiome Interactions Contributing to the Rise of EAO-CRC? | Cynthia Sears, MD
• Earlier Life Exposures: Maternal Obesity and Gestational Growth | Caitlin Murphy, PhD
• Genomics – The European Perspective | José Perea MD, PhD
• “DEMETRA”: Diet, aEity, sMoking Epigenetics geneTics biomaRkers physical Activity | Giulia Martina Cavestro, MD, PhD
• Q&A

Recap / Next Steps
Have you joined the place to be to talk about EAO-CRC?
CRCCONNECT.ORG
This year the Summit will feature presentations from EAO-CRC survivors, caregivers, clinicians from the nation’s leading cancer centers, and representatives of CRC advocacy organizations.

Janet L. Abrahm, MD | Dana-Farber Cancer Institute and Brigham and Women’s Hospital, Harvard Medical School
Christina E. Bailey, MD, MSCI | Vanderbilt University School of Medicine
April Barry, LSW, MSW | Pennsylvania Department of Health
Kate Bowler, PhD | Duke Divinity School
Lisa Cesar, EdD | Mosaic Preparatory Academy
Peter Campbell, PhD | American Cancer Society
Angela Caraway, MMP | TCMG Inc
Giulia Martina Cavestro, MD, PhD | School of Gastroenterology, Gastroenterology and Gastrointestinal Endoscopy Unit, Vita-Salute San Raffaele University, San Raffaele Scientific Institute, Milan
Andrea Cercek, MD | Memorial Sloan Kettering Cancer Center
Manjeet Chadha, MD, MHA, FACP, FASTRO | Department of Radiation Oncology, Icahn School of Medicine, Mount Sinai Hospital Cancer Center
Robin Dubin, MBA | AliveAndKickn
Cathy Eng, MD, FACP, FASCO | Vanderbilt-Ingram Cancer Center
Melissa Frey, MD | Weill-Cornell Medical College
Manju George, MVSc, PhD | Paltown Development Foundation
Marios Giannakis, MD, PhD | Dana-Farber Cancer Institute, Harvard Medical School
David Greenwald, MD | The Mount Sinai Hospital, Albert Einstein College of Medicine
Steven Gruber, MD, PhD, MPH | City of Hope National Medical Center
Amy Hayes, BSD, RN, OCN | Vanderbilt-Ingram Cancer Center
Candace Henley | The Blue Hat Foundation
Whitney Jones MD | Midwest Gastroenterology Associates, Colon Cancer Prevention Project
Jordan Karlitz, MD, FACG | Tulane University School of Medicine
Bryson Katona, MD, PhD | University of Pennsylvania
Sonia Kupfer, MD | University of Chicago
Leonard Lichtenfeld, MD, MACP | Cancer Care
Shannon Lee-Sin | Stage IIIc Colon Cancer Survivor
Christopher Lieu, MD | UC Health Center, Anshutz Medical Campus, University of Colorado Cancer Center
Joanne V. Loewy, DA, LCAT, MT-BC | The Louis Armstrong Center for Music and Medicine, Icahn School of Medicine, Mount Sinai Hospital
Harvey Mamon, MD, PhD | Harvard Medical School, Brigham and Women’s Hospital
